

Development and Peace

CARITAS CANADA

BUILDING A WORLD OF JUSTICE

JOIN THE MOVEMENT!

Fifty-five years ago, the Canadian bishops started Development & Peace so that Canadian Catholics could respond in solidarity to the needs of their brothers and sisters in the developing world, D & P draws its strength from its 11,000 plus members across Canada. Every year, they act for justice by supporting our education, advocacy and fundraising campaigns. This work is critical for our partners in the Global South who are working to eliminate the root causes of poverty while ensuring the protection of human rights and the environment.

There are flyers and postcards at the entrance to the church with information on the work of Development and Peace and the process to join. **The lifetime membership fee is \$10 and free for those under 35 years old. Members have access to our workshops and webinars and can participate in other ways.**
